

Stewards of Children

Adults Resolving Child Sexual Abuse in the Community

The Stewards of Children program is critical for adults, parents, grandparents and other caregivers who work and/or volunteer with children and concerned community members dedicated to helping children grow up safe, healthy and whole.

The power and responsibility for preventing child sexual abuse belongs on the shoulders of adults. LACASA's CAP (Child Abuse Prevention) Council is proud to offer Stewards of Children, an evidence-based workshop created by Darkness to Light, that teaches adults to prevent, recognize & react responsibly to child sexual abuse.

Stewards of Children is:

-  a 2.5-hour training that utilizes video, workbook, and group discussion to teach adults Five Steps to Protecting Our Children.
-  motivational and compelling. It calls participants into taking personal responsibility for the safety of children, and at the same time, recognizes their fears, concerns, and discomfort.
-  a comprehensive program that addresses practical and achievable steps adults can take to protect the children in their lives.

Community Trainings
